ATTN: Licensing and Review

Dear Sirs:

As a below-named inventor, I hereby state that with respect to the invention in the above-identified application:

1. I am a joint inventor of the invention described and claimed in patent application 10/091,251, filed in the United States of America on March 5, 2000, titled Subsurface Radiation Phenomena Detection with Combined and Azimuthally Sensitive Detectors.
2. The invention was made and conceived in Sugar Land, Texas, on or about September 26, 1998, while I was employed by Schlumberger Technology Corporation, 110 Schlumberger Drive, Sugar Land, Texas 77478.
3. The invention was related to the work that I was employed to perform and was made

LICENSING & REVIEW

within the scope of my employment duties. The invention was made during working hours and with the use of facilities, equipment, materials, funds, information, and services of my employer.

4. That to the best of my knowledge and belief the invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration of the Department of Energy.

The undersigned inventor declares further that all statements made herein of his or her own knowledge are true and that all statements made on information and belief are believed to be true and further that theses statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

SOLE OR FIRST INVENTOR
